

# EU Declaration of Conformity

Manufacturer: Ekinops France SA • 27-29 Avenue Carnot • F-91300 Massy • France

Declares that the product:

| Reference Model: |
|------------------|
| MB526S           |

| Placed on the market as product(s): |              |                 |                 |  |
|-------------------------------------|--------------|-----------------|-----------------|--|
| ONE526L                             | ONE526_2V_2T | ONE521 2T-4G RB | ONE421 2T-4G RB |  |

Conforms to essential requirements and relevant provisions of following European Directives provided that it is installed, maintained and used in the application for which it is intended for, with respect of the “professional practices”, relevant installation standards and manufacturer’s instructions:

| Directive                                                    | Field of application                                          |
|--------------------------------------------------------------|---------------------------------------------------------------|
| 2014/53/EU                                                   | Radio Equipment (RED)                                         |
| 2011/65/EU (amended by Directives (EU) 2015/863 + 2017/2102) | Restriction of the use of certain hazardous substances (RoHS) |
| 2009/125/EC (regarding still active articles)                | Ecodesign for Energy-Related Products (ERP)                   |

Standard(s) used to show compliance when applicable:

| Scope         | Article | Standard               | Version               | Comment                 |
|---------------|---------|------------------------|-----------------------|-------------------------|
| Safety        | 3(1)(a) | EN 62368-1<br>EN 62311 | 2014 +AC +A11<br>2008 | MME Safety<br>EMF       |
| EMC           | 3(1)(b) | EN 55032               | 2015 +A11             | MME Emissions           |
